SEPTEMBER ACTIVITIES

Read to Me

Ask your child to describe and then draw what he or she would like to do to help others in the community. Work together to make it happen!

Help your child write a note or draw a picture for someone who helped you or did something nice for you.

After reading a story, have each family member draw a picture or write down their favorite part of the book.

Count with Me

Ask your child other places where numbers might be found. Play “I Spy” with numbers (numbers on a phone keypad, numbers on a microwave, numbers on a sport shirt, numbers on a cereal box, etc.).

Count out loud at least three times a day with your child. Count while waiting in line, count while you are putting on shoes, or count while walking to the door.

Point to the page numbers of a book you are reading with your child. Say the number out loud. Ask your child what page number comes next.

Talk to Me

Ask your child, “What is something nice you could do for someone today?”

Have your child read/share a favorite story with a friend or family member. Talk about why the story is your favorite.

Create a special “book nook” at home with your child and read a story together in your new special place.
